

**Press Conference  
FEBRUARY 24<sup>TH</sup> 2005**

- 1. The city will be soliciting qualifications in March for 18 new professional service contracts for a variety of public works projects. This list will also introduce 8 brand new projects for road reconstruction, drainage improvements, and sewers. The list of projects will be constructed over the next 6 years. Services requested include engineering studies, design, and land acquisition, and construction inspection. The total estimated construction cost of all the projects is over \$70 million. Projects will be funded through a variety of sources, including, CAGIT, EDIT, federal highway funds, sanitary sewer district, sewer utility, and federal earmark.**
- 2. IT: Report-A-Pot-Hole – There is a link on the bottom of the Main Page.  
Report-A-Street-Light – that is out. This is sent to city Engineering, reviewed then sent to Cinergy for repairs  
Online Application – Information goes directly to Jim Balder, HR Manager.**
- 3. Sewage Billing Changes: The current confusion is because the last quarter billing from the City Sewage Billing came out with Water Company billing for January. These problems are being Corrected.**
- 4. Humane Society – Currently minor details are being ironed out, with the contract to sign in the near future. We appreciate everyone's patience.**
- 5. EPD - Statistics**
- 6. Police - Statistics**
